Directions from Cambridge. Take the A10 to Royston. After crossing the A505 roundabout cross the next two roundabouts, at the third go right along the main street. In a short distance there are 3 war time ammunition sheds on your right. At the wood just ahead go left onto a concrete road, ref: 643495, and follow this to a road. Turn right and in 100yds left with first a hedge on you right and then a ditch. At a field junction turn right and then left following the headland to a cross path at a hedge row, ref: 627494. Here turn right along a path enclosed by hedges. At the farm go between two large out buildings and then turn ½ right and head for the end of a hedgerow diagonally across the corner of the field. The path then rises to the wood ahead, keep to the left of the hedge and go through the edge of the strip of woodland. On exiting the wood go straight ahead to the left hand corner of the wood over the field, ref: 624482, to a cross path and turn left. THIS PIECE NEEDS CARE. Keep to the left of the hedge and in about 150yds the path goes ¼ left to the corner of the wood on the other side of the field (on my recce I couldn't find a waymark and the path was ploughed out). The path then goes along the edge of a short length of woodland to a corner in the field. The headland goes right, go on into the wood and cross a wooden bridge. Continue ahead, the path swings gently left, in about 60yds turn right through the trees coming out into a field, ref:631481. Take the headland round to the right and keep with the headland, in about 300yds cross a wooden bridge and turn right round the headland to a road. Here turn left to Withersfield, about a 12min walk. The leader should keep some 50yds ahead as there is one difficult bend before the village.
