

## DARWIN COLLEGE LECTURE SERIES 2010

The annual College Lecture Series, on the theme of Risk, will take place on Fridays, at 5.30 p.m., in the Lady Mitchell Hall, Sidgwick Avenue. All are welcome. Each lecture will be preceded by a visual display of art, poetry, and film responding to the theme of Risk.

15 January - Risk: trying to quantify our uncertainty, by Professor David Spiegelhalter, University of Cambridge

22 January - Risk: science and the media, by Dr Ben Goldacre, The Guardian

29 January - Risk and the brain: the neural basis of decision making under uncertainty, by Professor John O'Doherty, Trinity College Dublin

5 February - Risk and government: the architectonics of blame-avoidance, by Professor Christopher Hood, University of Oxford

12 February - Risk and humanities, by Professor Mary Beard, University of Cambridge

19 February - Risk, security, and terrorism, by Professor Lucia Zedner, University of Oxford

26 February - Risk and natural catastrophes, by Professor Mark Bailey, Armagh Observatory

5 March - Risk and (human-induced) climate change, by Professor Bob Watson, University of East Anglia
